Hyderabad, Sindh

@ ibrahimmemon1709@gmail.com

SUMMARY

I am skilled MERN Stack Developer with 2 years of experience building robust, scalable web applications using MongoDB, PostgreSQL, Express.js, React, and Node.js. Adept at creating full-stack solutions from concept to deployment, with a strong emphasis on responsive design, user experience, and performance optimization. Proficient in RESTful APIs, database design, and integrating third-party services. Hands-on experience with version control (Git), testing frameworks and cloud platforms (AWS, Heroku)

EDUCATION

Graduate in Computer System

Mehran University Of Engineering and Technology
Jamshoro

2023 - 2009 Jamshoro, Sindh

GPA

2.8 / 4.0

EXPERIENCE

MERN Stack Developer

IMTS INSTITUTE

2023 - Present Delhi, India (Remote)

As a Web Developer at IMTS Institute, responsible for designing, developing, and maintaining the institute's online platforms and websites. Played a key role in enhancing the digital presence of IMTS by creating user-friendly and responsive web applications that streamline the educational services offered to students and staff. Leveraged expertise in HTML, CSS, JavaScript, and frameworks like React.js to build dynamic and engaging web pages. Worked closely with cross-functional teams to implement new features, improve site performance, and ensure seamless integration with backend services. Actively involved in maintaining code quality, optimizing page loading speeds, and ensuring a smooth user experience across all devices.
